It is not the foot pedal unit as we have purchased a new one of these to. Try another tape to see if it is the tape, otherwise, that switch is probably broken. The tab is located to the right of the orange colored area on the They are both. Could very well be a bad plug on the mother board. Common problem with these units. To read more about exactly what is meant by a Refurbished product please see here. The Transcription Kit 710T bears all the features that you need for transcription, right from the start. For use with MiniCassettes Its modern design and userfriendly controls make typing convenient, while the Acoustic Search Forward function allows you to find dictated documents easily. This Refurbished Product comes with a standard 3 month Warranty. You can extend this warranty to an additional 12 months by selecting the 12 month warranty option in the dropdown menu above. My order was processed quickly and efficiently and delivery was also on time. Would have no hesitation in dealing with them again. Was this review helpful to you Delivered promptly does exactly whats needed. Very good condition. Would recommend this compay without hesitation. Very pleased Was this review helpful to you I recieved my transcriber the next day and would use this site again. Was this review helpful to you. Transcription made easy with a Philips foot pedal. The ergonomic design of the new Philips foot pedal range sets new standards in terms of usability in the professional dictation arena. The development is based on detailed research into the movements made during transcription. Transcriptionists can stop and start playback with only a slight movement of the heel, and without lifting the foot unnecessarily, which both increases efficiency and makes the device a pleasure to work with. Equipped with antislip bottom elements, the foot pedal always stays in the right place. It'll sit neatly under the desk with the antislip bottom to keep it securely in place. Its ergonomically designed to minimise foot strain and movement, with three pedals to control rewinding, fast forwarding and playback of your tapes from a compatible machine. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyses reviews to verify trustworthiness. Please try again later. Eileen Martin 5.0 out of 5 stars I was absolutely delighted with the replacement foot. I was absolutely delighted with the replacement foot pedal. Like it says in the description it is ergonomic and you are able to pass your foot easily between forward, stop and back. Thanks a million. OND821478 How I meant to know what this means after reading this I assumed that this product must be working with my PC and must be equipped with software and usb cable. I have two digital recorders and none of them have such sockets. It should have been clear in item description which it lacked in the first place. It was a waste of time and money and I am returning it which is a hassle.

This IS NOT for use with a PC but to use with Philips transcription models 710, 720, 725 and 730. It has a 3.5mm jack not usb. A reliable product and worthy of a replacement on your old pedals. El adaptador para ponerlo en el PC esta descatalogado y el pedal no hace nada. Sorry, we failed to record your vote. Please try again No lo detecta. Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again I ended up ordering a different one that had a USB connection. I use the same foot pedal at work, and except that it is sometimes difficult to know where to put your foot for consistent playback, it works quite well. Sorry, we failed to record your vote. Please try again I like the design of this one better. Its easier to use the mechanism is smoother. Sorry, we failed to record your vote. Please try again. There's nothing basic about this entry to professional dictation. The 381 is a beautiful machine that is so simple to operate you'll find it easy to enhance your personal productivity whether in the office or on the road. The classic Philips 4 Position Switch gives you singlehanded operation of features like record, playback and erase. Alternatively, there's Voice Activated Recording which lets you operate the machine without using your hands. Features like Transport Lock, Record Protection and Fast Erase let you keep the recordings you want and get rid of those you don't. There's nothing basic about this entry to professional dictation. The 398 is a beautiful machine that is so simple to operate you'll find it easy to enhance your personal productivity whether in the office or on the road. Features like Transport Lock, Record Protection and Fast Erase let you keep the recordings you want and get rid of those you don't. The 388 is a powerful, yet uncomplicated dictation machine.

The Internal Recharge option allows the batteries to be replenished while the machine is in action and wherever you are, features like the 4 Position Switch for singlehanded operation and Automatic Gain Control gives optimum recording levels make the machine effortless to use. The Transcription Kit 710 bears all the features that you need for transcription, right from the start. Its modern design and userfriendly controls make typing convenient, while the Acoustic Search Forward function allows you to find dictated documents easily. Discreet transcription is possible with the attachment of a headset and foot control. In addition, Playback speeds, Volume and Tone levels can be set to your own preference. A specialist transcription machine that helps your administrator cope with substantial workloads. Everything is designed for simplicity; a large digit LCD shows tape information at a glance, while userfriendly controls permit individual documents to be accessed at the

touch of a button. To keep hands free, functions such as Play, Fast Forward and Rewind can be utilised via the Foot Control. Plus, you can set Playback speeds, Volume and Tone levels to your own personal preference. Executive Desktop 730 combines advanced dictation and transcription facilities with a Visual Workflow Display. This automatically shows the machines operating status at a glance and is invaluable for coordinating your workload, by identifying the number, priority and length of jobs on the tape. In addition, features like Telephone Recording, handsfree Voice Activated Recording and a Sensitivity Switch aid the production of clear dictation. And End of Letter Index tones, Priority and Special Instructions help your administrator to transcribe documents according to your requirements. The 388 is a powerful, yet uncomplicated dictation machine.

9% Quantity 10 Maximum Write Speed 52x Manufacturer Warranty 1 year Packaging Jewel Case Standard Type CDR Capacity 700 MB Features Recordable MPN 908210004645 Brand Philips Philips Audio CDR 10 Pack with jewel Cases Philips CDR Audio Discs are Ideal for Recording music, These discs provide great results and able to burn upto 52x speed and compatible with most CDR recorders. The record player has 1 valve powering a 2.5 W mono speaker. The unit requires AC power through a power cable supplied. The mechanism is a 4speed record changer for 10 records. It features stereo pickup with diamond and sapphire needles. Measuring 381 x 178 x 330 mm, the unit is quite compact in size, almost resembling a squarer briefcase. In respect of condition, the record player is in good cosmetic condition for age, but not presently working due to an unknown fault. Payment Policy All items should be paid for at point of sale, unless a deal has been arranged for postage discount, multiple item purchases, etc. In the latter case, we will send you an invoice ASAP. Shipping Policy Items will be shipped within an absolute maximum of 72 working hours from purchase. Please check the listing details as this will give details of the exact method of postage. Where possible, we will endeavour to use eBay and Shutls delivery service to offer the cheapest possible shipping solution. International postage, where offered, will be handled by eBays Global Shipping Programme. Some of the exceptions to these rules are as follows Items over 25 in value will be sent via UPS due to their higher insurance cover Items over 15 KG will be issued via an alternate courier service, which will be sent in conjunction with ParcelMonkey All items are available to collect in person from Wolverhampton in the West Midlands. There is no charge for this, but please get in touch in advance if this is something you wish to do Returns policy Even though the items we sell are second hand, we do offer 60 day returns.

If you feel the item is not as described or has somehow been damaged in transit, then please open a return. In these cases, we will pay for the return postage. Items are described to the best of my knowledge. I strive for buyers satisfaction, see Ebay feedback. Delivery 9 to 12 Business Days Standard Shipping With Tracking DHL, DPD, USPS, UK Mail, Post NL etc. Please Note Price Is for One Piece Only Hi there and thank you for looking. Purchases will be professionally packed with all the care and shipped within 24 hours towards you, Tracking will be provided through eBay, so you can follow the shipment on its way to you. Please contact us if you have any questions, the usual response time is within an hour, thank you. Particular attention is paid to the pressure roller, certain

plastic parts frequent cause of failure and of course the track position of the recorder. If necessary, a comparison is carried out. Depending on the device model, we consider other aspects so that we are able to offer you a longlasting device. In the case of devices for optical storage media, the laser unit is of course handled with the greatest care. Through many years of experience, we can correct typespecific weaknesses before this leads to an error. The signs of wear are hardly noticeable 2 meters away. Good working condition. The top has marks on it. Dispatched with Hermes tracked. Inner plastic lined paper sleeve has tear on one corner but no splits LP will be posted second class with proof of posting in a protective plastic sleeve and cardboard outer Category Reel to Reel Tape Recorders Condition Seller refurbished Location Netherlands Feedback 444 100% Grey coloured plastic imitates the look of a metal tape reel, at half the price. These come with either Philips LP18 or DP18 tape. Although the tape is included with these reels, some Philips tape is known to hold up poorly and may shed or stick. This listing is solely for the reel and case; Quality of tape is not guaranteed.
