Some solutions, like our OE FIX products, you can't even get from original vehicle manufacturers. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzes reviews to verify trustworthiness. Please try again later. Starlene 4.0 out of 5 stars The only complaint that I have is that I couldn't fit my window handle correctly because the regulator did not fit the regular Nissan handle. It seems to be a little bigger than the regular one that came from the factory. I am still looking for a window handle that will fit correctly. Other than that, it seems to be working fine for now. Passenger side door handle fit. This one was worn, slightly larger and did not fit. Big waste of time and money to try to find replacement handle. Otherwise, it looks like it fits and the passenger side works alright. All rights reserved. Use or reproduction thereof, without the expressed, written consent of the Church of the Nazarene, Inc.
