Please check your inbox, and if you can't find it, check your spam folder to make sure it didnt end up there. Please also check your spam folder. The handset cover can be removed as showed in the pictures below.

Remove carefully to avoid damaging the locating tabs. Please ensure no button is jammed when refitting A click will be heard as it locks into place. Insert the battery plug and fit the battery into the handset. Once the handset is correctly placed in the base unit, a beep will be heard and the battery Insert the battery plug and fit the battery into the handset. Replace the battery cover ensuring the lock tab is inserted correctly Please ensure that a separate telephone, not dependent on local power, is available for emergency use. The earpiece of the handset may attract small ferromagnetic objects such as staples and pins, care should be taken when placing the handset near these items. Do not place the base unit in areas of high humidity or where it will be exposed to direct sunlight or other major heat sources. Only use with the supplied power adapter The stated times apply under normal room temperatures and when using a fully charged battery The flashing will stop when the battery is fully charged. Use a DORO original battery only. The guarantee does not cover any damage caused by an incorrect battery. The handset is charged with the keypad facing outwards. Please dispose of any battery in a responsible and environmentally friendly manner The symbol has two segments which disappear as the battery charge decreases. When the battery is running low, the symbol will appear in the display and a warning tone will be heard. If the handset is not recharged at this time, the phone will cease to function until it is recharged The radio waves transmitting the call may be hindered by obstructions, reducing the range In such ideal conditions, the telephone range can be up to 300 metres. In a densely populated area, house, apartment, etc.

The ideal location for the base unit is a high and unobstructed place Unless the handset is moved closer to the base unit within a few seconds, the call will be lost Also ensure the base unit is not exposed to direct sunlight, excessive heat, damp or high humidity locations Flashes when the phone rings Lower row The indicator is lit when the Mistakes can be erased using x If the telephone cannot connect to a line, a warning tone will be heard. The problem may be due to the batteries running low, the handset being too far from the base unit or all of the transmission channels being engaged The timer helps you keep track of how long the call lasts Contact your network operator for more information The signal will continue until i on the handset is pressed. This allows calls to be made without having to hold the handset To reactivate hands free The switch over between speaker and microphone is automatic and dependant on the sound level of the incoming call and the microphone respectively. Interested parties must satisfy themselves as to the overall condition of goods on offer and should
also ensure they meet all current legal regulations, statutes and legislations. It is the visiting
party's responsibility to assess the environment and act prudently on their own assessment of the
risks. Access to the sites and buildings are allowed on the understanding that all parties attend
entirely at their own risk.

All Lots are subject to the auto bid extension rule, as defined in our Terms and Conditions of Sale.
VAT at the appropriate rate will be added to the hammer price and the Buyer's Premium of ALL
Lots. Our bank details are as follows Consideration has been given to the nature and quantity of
material onsite and therefore all goods must be cleared by 3pm, Friday 15 th December 2017. Terms
and Conditions of Sale The Bidder warrants that he has the authority of his principal to make each
Bid made. By registering the Bidder warrants that he is aged 18 years or older and is capable of
forming a legally binding contract. The Seller is entitled to change these at any time before the
conclusion of the Sale. Persons entitled to Bid pursuant to this condition shall be entitled to place
Bids on any Lot up to the reserve price including placing Bids in response to other Bidders. No
warranty or guarantees are offered or implied by the Seller, the Company or the Auctioneer. Bidders
are advised to inspect and evaluate the lot themselves prior to bidding. The Auctioneer may reject
any Bid at his sole discretion and without being required to give a reason. The Company shall not be
liable in any respect in the event of any dispute due to errors, omissions or disruptions to internet
services or power failures or any other unforeseen circumstances which may occur during the
Online Auction; This continues until there are no more Bids. Such time shall then be deemed to be
the close of the timed Online Auction. On written request by the Buyer the Company will provide a
VAT invoice. Lots may only be removed during normal working hours or such hours as are specified
in the Special Conditions. No clearance on Bank or Public Holidays.

If it transpires that a Buyer makes no effort to commence dismantling and the particular Lot is preventing other buyers from removing purchased Lots, then the Auctioneer reserves the right to insist that removal take place immediately notwithstanding the specified Clearance Date and Time. To the extent that such regulations are advisory rather than mandatory, the standard of compliance to be achieved by the Buyer shall be to the best industry practice; All representations, warranties and conditions, express or implied, statutory or otherwise in respect of all and any of the Lots are expressly excluded and without limitation any warranties and conditions as to title, quiet possession, satisfactory quality, fitness for purpose and description are excluded to the fullest extent as permitted by law. It is the Buyer's responsibility to remove Company logos and lettering from vehicles. Odometer readings are not warranted. Neither the Seller nor the Company shall incur any liability to the Buyer because of any default or defect in all or any of the Lots. Buyers are entirely responsible for ensuring that the use of any item of plant, machinery or equipment does not contravene any health and safety and environmental legislation in existence at the time of the Sale. Insolvency Practitioners, including Administrative Receivers, Administrators and Liquidators act as agents for the Seller without personal liability and shall incur no personal liability whatsoever in relation to a Sale or pursuant to any document relating thereto. This General Condition 8.8 does not apply to liability for death or personal injury. The Sponsored Listings displayed above are served automatically by a third party. Neither the service provider nor the domain owner maintain any relationship with the advertisers. In case of trademark issues please contact the domain owner directly contact information can be found in whois.
