However, you are not the only person having problems with keeping the operation manual of all household devices. Below are few guidelines regarding how and why you should collect the product manuals. These differ from each other with the amount of information we can find on a given device e.g. Braun Pulsonic 9565. However, we believe that the manuals should include the most important and needed information about Braun Pulsonic 9565, not to discourage the user to read. Obviously, if a device Braun Pulsonic 9565 has multiple advanced functions, we will not avoid a high amount of information in this document. Then, it will be much easier to find it than look through the purchase boxes which have already been thrown away by you or any other of household members. It will be enough to clear the drawer once in a year and throw away any manuals of the devices you do not use anymore.

The lack of an instruction or false information given to customer shall constitute grounds to apply for a complaint because of nonconformity of goods with the contract. In accordance with the law, a customer can receive an instruction in nonpaper form; lately graphic and electronic forms of the manuals, as well as instructional videos have been majorly used. A necessary precondition for this is the unmistakable, legible character of an instruction. Therefore, in an instruction of Braun Pulsonic 3715 one could find a process description. An instruction's purpose is to teach, to ease the startup and an item's use or performance of certain activities. A good user manual introduces us to a number of additional functionalities of the purchased item, and also helps us to avoid the formation of most of the defects. An instruction contains a number of clues concerning respective functionalities, safety rules, maintenance methods what means should be used, eventual defects of Braun Pulsonic 3715, and methods of problem resolution. Eventually, when one still can't find the answer to his problems, he will be directed to the Braun service.

Lately animated manuals and instructional videos are quite popular among customers. These kinds of user manuals are effective; they assure that a customer will familiarize himself with the whole material, and won't skip complicated, technical information of Braun Pulsonic 3715. After a successful purchase of an item one should find a moment and get to know with every part of an instruction. Currently the manuals are carefully prearranged and translated, so they could be fully understood by its users. The manuals will serve as an informational aid. We hope you enjoy your new Braun Shaver. Warning Your Pulsonic shaver is provided with a special cord set, which has an integrated Safety Extra Low Voltage power supply. Do not exchange or tamper with any part of it, otherwise there is risk of electric shock. When the battery is fully charged, the charge segment will light up continuously provided that the shaver is switched on or connected to an electrical outlet. The red empty segment. The remaining capacity will then be sufficient. Cleaning The shaver head is suitable for cleaning under running tap water. Warning Detach the shaver from the power supply before cleaning the shaver head in water. You may use liquid soap without abrasive substances. Remove the foil and cutter cassette 1 and tap it out on a flat surface. Using the brush, clean the inner area of the pivoting head. However, do not clean the foil and cutter cassette with the brush as this may damage it. The replacement symbol will remind you during the next 7 shaves to replace the foil and cutter cassette. Then the shaver will automatically reset the display. While doing so, the replacement light blinks and goes off when the reset is complete. The manual reset can be done at any time. In the interest of protecting the environment, please do not dispose of the product in household waste at the end of its useful life.

Disposal can take place at a Braun Service Centre or at appropriate collection points provided in your country. Subject to change without notice. For electric specifications, see printing on the special cord set. Guarantee We grant 2 years guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where this appliance is

supplied by Braun or its appointed distributor. The guarantee becomes void if repairs are undertaken by unauthorised persons and if original Braun parts are not used. To obtain service within the guarantee period, hand in or send the complete appliance with your sales receipt to an authorised Braun Customer Service Centre. Nous espérons que vous apprécierez votre nouveau rasoir Braun. Attention Votre système de rasage Pulsonic est fourni avec un cordon spécial présentant une alimentation électrique sécurisée à très faible voltage intégrée. Tout échange ou modification. Lorsque la batterie est complètement chargée, le segment de chargeur reste allumé en permanence si le rasoir est sous tension ou raccordé à une prise électrique. Le segment rouge clignote lorsque la capacité de la batterie est tombée en dessous de 20 %, à condition que le rasoir soit branché. La capacité restante est alors suffisante. Nettoyage La tête du rasoir permet un nettoyage sous l'eau courante. Attention débranchez le rasoir de l'alimentation électrique avant de nettoyer la tête du rasoir dans l'eau. Vous pouvez utiliser du savon liquide ne contenant pas de substances abrasives. En utilisant la petite brosse, nettoyez l'intérieur de la tête pivotante. Cependant, ne nettoyez pas la cassette avec la petite brosse, car cela pourrait l'endommager.

Le symbole de remplacement vous rappellera au cours des 7 rasages suivants de remplacer la cassette. À ce moment-là, le voyant de remplacement clignote puis s'éteint lorsque la reinitialisation est terminée. La reinitialisation manuelle peut être effectuée à tout moment. Dans un souci de protection de l'environnement, veuillez ne pas jeter le produit dans la poubelle ménagère au terme de son cycle de vie. Vous pouvez remettre ce produit au centre de service Braun ou aux points de collecte dans votre pays. La cartouche de nettoyage peut être jetée dans la poubelle ménagère. Susceptible d'être modifiée. Spécifications électriques imprimées sur le cordon spécial. Cette garantie ne couvre pas les dommages occasionnés par une utilisation inadéquate, l'usure normale par exemple, grille et bloc couteaux ainsi que les défauts d'usures qui ont un effet négligeable sur la valeur ou l'utilisation de l'appareil. Cette garantie devient caduque si des réparations ont été effectuées par des personnes non agréées par Braun et si des pièces de rechange ne provenant pas de Braun ont été utilisées.
