Health and Safety is a huge consideration for any gym owner and it is not something that should ever be taken lightly. We work with our clients to ensure that servicing and repairs are carried out at the most convenient times so that disruption to your customers is minimised. Work is carried out quickly but with the utmost care to ensure that nothing is missed and your fitness equipment is safe for continued use. Our technicians are experienced when it comes to working with a number of different brands of fitness machine including offering Tunturi repairs and Bremshey repairs. Both Tunturi and Bremshey are very high quality brands that are suitable for commercial and home gyms but like any other mechanical fitness equipment it is important to have them regularly serviced and have repairs carried out to resolve smaller issues before they become much bigger inconveniences. Gym Repairs This obligation is not only for the protection of your clients but also for your own protection. Faulty equipment can cause serious harm to the user and this is obviously something that you will want to avoid at all costs.

Transmitter HR belt option 5 kHz analog. The Bremshey treadline scout is a high quality treadmill with enough features to keep runners of all levels happy. The large belt is well cushioned to reduce the risk of injury. Because of its top build quality, the treadline scout is suitable for users weighing up to 300lbs. There are 4 built in programmes on the treadline scout, along with quick start manual control and a heart rate controlled programme for varied and effective workouts. The heart rate control functionality is unlocked with a compatible chest belt operating on a 5kHz frequency. With this workout the treadmill will keep your heart rate in the correct zone by altering the intensity of the workout. It does this by altering either the speed or incline of the belt. You get all the feedback you need during your workout with the dual displays that show time elapsed, current speed, incline level, pulse reading, distance covered and theoretical calories burned. With its large 52 x 149 cm 20 x 59 inches belt and superb cushioning, the Bremshey treadline scout is ideal for those looking to avoid injury, due to the reduced impact on your joints. When you are not running on the treadline scout, it folds up vertically and the transport wheels allow you to move it easily for storage. Your service and prices were unbeatable. We truly had a fantastic shopping experience.
