Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit farther from the screen; use a smaller screen; play in a well-lit room; and do not play when you are drowsy or fatigued. This second edition has been updated to reflect the entire game. Entire chapters have been rewritten and some have simply been deleted to streamline your learning experience. Enjoy! This can be helpful to locate missions. Besides, it's no fun to skip class if you didn't even know it started. Items can be cycled through using the Right Bumper and the Left Bumper. Remember, pressing the Right Bumper and the Left Bumper together instantly toggles the skateboard. Authority figures will pay more attention to Jimmy as this meter fills. So, if you find the time, you will learn all the tricks to taking over the school how to. Tune some bikes and get better rides. And whatever you do, don't drop them in the school toilets! This trusty companion comes with an endless supply of ammo and can't be confiscated. So get in some practice on some targets and get used to relying on it for ranged attacks. It's also fun to hitch a ride on the back of cars going to town. It's just like that, only worse, and in a bottle. Just be careful not to get caught in the rancid cloud yourself. These are used for pranks. Try dropping some of these near busy doorways. Ask your question here. Die Verpackung sollte der Verpackung im Einzelhandel entsprechen, es sei denn, der Artikel ist handgefertigt oder wurde vom Hersteller in einer nicht für den Einzelhandel bestimmten Verpackung geliefert z.B. in einem unbeschrifteten Karton oder Plastikbeutel. Players will take on the role of Jimmy Hopkins, a new student at Bullworth Academy. Jimmy is a troublemaker, having been expelled from seven of his previous schools. His parents are hoping Bullworth Academy changes Hopkins for the better. However, our protagonist has other ideas in mind for this prestigious school. He aims to defeat the various school factions one at a time and take over the school. The bullies, geeks, and jocks don't stand a chance against Hopkins and his devious schemes. Not only can you explore the school grounds but also the surrounding city as well. During the day, you'll have to attend class. Classes range from English and Math to Art and Chemistry. Attending and doing well in class will reward you with new items to use during gameplay. While you can skip class, you'll want to watch your step. If an authority figure catches you, you'll be in huge trouble. In addition to attending class, you can woo boys and girls, talk to NPCs, and work at jobs. Jimmy's primary weapons are his two fists. While you start with just basic punches, you can unlock an array of new combat moves. If you take any damage, you can regain your health by eating snack food or drinking a soda. This Xbox 360 game adds a massive amount of new content. Fans of the PlayStation 2 version will want to play this new version as the content changes the title significantly. The Xbox 360 title features an improved graphics engine with a new physics engine. The character models are more crisp with better ragdoll effects. The original compressed dialogue tracks are replaced with new higher-quality ones. NPC characters are given more lines to say, cutting back on their repetitive nature.

There are now four new classes to attend including Biology, Music, Math, and Geography. You'll also find new outfits to wear, which transform Hopkins into a sharply dressed man. Lastly, this Xbox game now supports multiplayer for up to two players. Throughout various points in the story, you'll unlock games that you can play against another player. These range from carnival games to races. This rating is due to the usage of crude humor, violence, and language. Capturing the hilarity and awkwardness of adolescence perfectly, Bully Scholarship Edition pulls the player into its cinematic and engrossing world. PUBLISHER Rockstar Games. DEVELOPER Rockstar Vancouver. GENRES Action, Adventure RELEASE DATE March 3, 2008. Next to the countless genre clones in the 360 library, Bully Scholarship Edition stands at the head of the class, easily earning an A for originality. If you missed Bully the first time around, scholarship edition is a great game to pick up. I am not sure

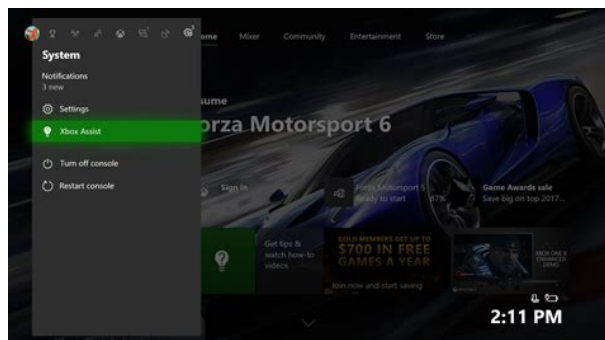

why they sell these. They should be sold with all of the included game books. Oh well, the game played through perfectly, which was what counted in the long run. Reminds me of a MUCH cleaner version of Grand Theft Auto. Rightfully so, being that Rockstar made Bully Scholarship Edition too. I recently rented this game because a friend had it and said it was fun. I started playing on Wednesday, now on Sunday I am only 35% complete. It is a very long, but easy game that has tons to keep you entertained for hours!!! Highly recommended for a very fun gaming experience. It gives a little extra, but is at its core the same game. Though it has some limitations, particularly in the lack of depth of the social structure, there are many other great aspects to enjoy. And really, there is no other game like Bully on 360. If you havent figured it out yet, Bully is a great game. Go out and buy it; you wont regret the purchase. Upgrades from taking courses or doing missions or side activities definitely make it all worthwhile.

Only a couple of complaints. 1. The day goes by too quickly. Early in the game, youll either be getting chased around campus for being truant from class, or youll be spending the whole day in class Thankfully that stops when you complete the entire course and it lets you skip that particular class. Even when youre done with classes though, its a constant race against the clock to finish tasks before you pass out at night. 2. The customization is really lacking on Jimmy. You can change his haircut slightly but he still looks the same and if youre still needing to take classes, prefects in the school will bus t you if youre not in uniform so its like a disincentive to wear anything else. Given those complaints, a lot of the humor is great from the alcoholic english teacher, the cooking lady, and especially the cliques of school hierarchy. The tasks are fun, even if some are really difficult. Same with course work. Some is just too easy and others are really difficult Chemistry really easy button prompts, geography really difficult unless you cheat through it by having a map and repeatedly pausing the game. Theres just something about the fun, the amount of things to do, and storyline that just keeps me coming to this game. Abbrechen Vielen Dank. Wir kummern uns darum. Alle Rechte vorbehalten. Plays on Xbox 360 and Xbox One with Backward Compatibility.; Bully Scholarship Edition takes place at the fictional New England boarding school, Bullworth Academy and tells the story of mischievous 15-year-old Jimmy Hopkins as he goes through the hilarity and awkwardness of adolescence. Beat the jocks at dodge ball, prank the preppies, save the nerds, kiss the girl and ultimately navigate the social hierarchy in the worst school around. Jennings 5.0 out of 5 stars Rockstar is just hands down a great developer. The nostalgia is amazing. I just need Rockstar to give The Warriors the same treatment. Arrived on time and worth the money. No damage to the case. Went ahead and installed it. It played fine, but then froze up. Have not decided to return it yet. I will see what happens when I start it again. Thank you and God bless you. Simon You take control of Jimmy, a 15 year old delinquent who has been expelled from every school he's ever attended, as a result his mother and step father dump him in Bullworth Academy, one of the worst boarding schools around.

When you start your first day at the school most of the other students hate you, to gain popularity and respect you complete missions around the school and surrounding areas, after a while you gain friends, make enemies and find your place within the school. Other than the main missions the game has a huge amount to offer, you can play as a normal schoolboy and attend classes, the classes play out as a series of minigames that relate to the specific subject, or you can play truant and just mess about, I found the minigames to be really fun though so I actually attended more classes than I skipped, which is a bit sad I know, but they really are fun games, you can also undertake side missions to earn extra cash, these include bike races, mowing lawns, delivering papers and helping people out, the game is also full of small distractions that are too numerous to mention but add so much to overall experience. Looks and performance wise the game is a little rough, as this is just a rerelease and not a remaster of the xbox 360 version that came out in 2008 the graphics do show their age, the same goes for the performance, the frame rate drops a bit sometimes and I had the game freeze on me a couple of times, the controls and camera are a little clunky sometimes as well and caused me a bit of frustration, none of these problems were enough to wreck my enthusiasm for the game though, the amount of fun to be had definitely outweighs the performance issues. To

sum up I think the game is brilliant, I really enjoyed the story and characters and found the game to have a great sense of humor, its packed with things to do and never became boring, I loved every minute I spent with Bully and would recommend it to anyone. Additional Info. Xbox 360 Install Size 3GB. Xbox One Install Size 4GB. The game comes with a map but no manual. Sorry, we failed to record your vote. Please try again I feel that as it's an xbox 360 title that I should probably review it as if played on that.

Like all Rockstar games it's a great game, you are not a bully despite the controversy around the game at release you can be a victim or help others but you can't attack anyone else. Mostly you skateboard around and attend some classes in school if you want to and complete missions like usual. It's completely harmless funny gaming and I would recommend it for anyone older than the recommended age. A review this late is pointless but if by some chance you're reading this then thank you Sorry, we failed to record your vote. Please try again In my opinion, whilst in the most part most missions can be completed without much bother, when it comes to the final classes, specifically Biology and Music 5, it becomes almost impossible. My other gripe is that you have no ability to stand up to Prefects. While you can attack them, they actually do not become defeated, they just fall, get back up and attack you. I like having the spray can and spraying people. It would be nice if you could steal cars or put the moped in the shed with the bicycle. One last thing is people who you ask for help on the internet seem unaware of what a cheat code is. I asked someone for a cheat code to find all the rubber bands, his idea of a cheat code was to tell me the locations. NB. This is NOT a cheat code. A cheat code IS a button combination which when entered correctly causes the game to give you what you want such as infinite lives or weapons or all collectibles. EG, press X twice and up on the controller while the game is paused. Sorry, we failed to record your vote. Please try again The picture in the listing shows both Xbox One and Xbox 360 written on the game packaging as well as the disc; as you will see in the picture I uploaded when I received it. This game is not compatible with the Xbox One and I get a message saying so and directing me to a link for Xbox360 comptability.

I see Amazon has now changed the actual description to Xbox 360 only I dont know why the publishers printed XBox One on the package and disc as its misleading. Money down the drain for me as the only reason I bought it was for my Xbox One X. Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again I am trying to play it on the xboxone. Neither of the load up. I am getting no response from tech support on the issue and dont want the hassle of returning items. I am now stuck with 2 of the same game because the tech support cannot be bothered to respond. What a waste of time. Sorry, we failed to record your vote. Please try again I loved it when I was young, and I love it even more now. A classic Rockstar game. Sorry, we failed to record your vote. Please try again I wish they had made another one although because although Rockstar obviously bought us the amazing GTAs, what is nice about Bully is that it isnt as violent, or criminal. Sometimes its nice to tone it down. Sorry, we failed to record your vote. Please try again Very disappointed to find a heavily scratched disk that does not work. Does nobody check these things. Would think twice before buying again. Sorry, we failed to record your vote. Please try again.
