In addition the S73 features Samsungs proprietary ASR image stabilization system to help reduce camera shake and image blur during longer exposures and in situations where holding the camera steady is impossible. The cameras ergonomic body design delivers comfort and a steady hold for better shots. The camera is also capable of providing digital zoom up to 5x for a total combined zoom of 15x that will allow you to capture details from far away. Advanced Shake Reduction ASR reduces the effects of camera shake in low light conditions and macro shooting. Flash photography can sometimes result in harsh, overexposed images, but ASR guarantees bright, crisp and natural images without using a flash at all. High Sensitivity The Samsung S73 has the ability to provide a sensitivity level of up to ISO 1600, thereby enabling you to take clearer indoor pictures in poor light without camera shake or image blur. Convenient Mode Dial The Mode Dial makes it easier to get great shots with instant access to appropriate modes and puts Auto, Manual, Video, Scene, ASR, Night and Portrait modes just a touch away. 11 Scene Modes You have a choice of scene modes to help you get the perfect shot in any situation. By automatically adjusting the cameras setting according to the situation, you can be sure of getting great pictures effortlessly. The scene modes provided are Night Scene, Portrait, Children, Landscape, Text, Sunset, Dawn, Backlight, Fireworks, Beach and Snow. Internal and Expandable Memory The camera is equipped with 16 megabytes of internal memory so there is no need for a memory card to take pictures. The camera memory is also expandable to much higher capacities using Secure Digital SD flash memory cards also compatible with MMC and SDHC cards. Plus the high resolution of the display means that you can view your images with stunning detail and the graphical elements of the user interface are easy to identify.

You can do basic editing functions like crop your image or adjust colors, use creative color effects like sepia or negative inverted colors, or use one of the fun effect in the camera such as composite images or add photo frames that are appropriate for many occasions. Powered by Common AA Batteries The camera is powered by common AA size LR6 batteries that can be purchased at any store, so you dont need to worry about running out of power or recharging batteries simply get new ones locally. The camera also works incredibly well with cost effective rechargeable AA Size NiMH Batteries. Direct Print Capable The S73 supports PictBridge Direct printing so you can print beautiful images without the need of a computer. Just connect the camera to a PictBrige compatible printer and print your favorite pictures the way you want them it is that easy. Learn more about your rights as a buyer. opens in a new window or tab You're covered by the eBay Money Back Guarantee if you receive an item that is not as described in the listing. This is going to be a gift for someone else. Why do I like it I use it to take all of my pictures for eBay listings, they almost always come out very sharp; It operates just like a 35 mm film camera, having aperture settings, shutter speed settings, and the like. Because of this, a photographer just starting out can gain fundamental experience using it and learning of its ability, then perhaps take a photography class and get some experience with people critiquing their photos, and viceversa. Samsung has taken all of the features of film cameras which they never had manufactured, changed the camera exposure medium from film to digital electronic, and came out with a low priced digital with features that could stand with some of the best 35 mm film cameras that were ever produced. The lens completely folds into the camera body, unlike later models. The camera is extremely durable, I have several of them, and use them for all my ebay work. I don't need to make 11x14 prints. Easy to operate with one hand, turn OFF the flash, and do great macros. No need to spend additional money on features you may not need. You could still buy 2 of these, and save the rest of the money. AA batteries are common, even though I use recycle batteries.

I highly recommend if you are on the fence about getting it to purchase it, you wont regret it All Rights Reserved. User Agreement, Privacy, Cookies and AdChoice Norton Secured powered by Verisign.
